CANSKATE ADULT/TEEN/RECSKATE

CanSkate

Children are taught forward/backward skating and crosscuts, stopping, balance, turning etc. Hockey and ringette players can also enhance their game by improving their skating skills with our program. Skating twice a week will assist with faster skill progression.

Adult/Teen/RecSkate

Beginner to recreational Adult/Rec skaters continue to develop figure skating skills in groups, in a fun, recreational and safe environment.

Badges - Teaching Progressions

There are six "Stage" badges in the CANSKATE learn-to-skate program. Each Stage incorporates the "ABC's" of skating skills focusing on the fundamental movements of "Agility", "Balance" and "Control".

**SKATE CANADA
HELMET POLICY**

All CANSKATE and ADULT/TEEN/RECSKATE skaters up to and including Stage 5 **MUST** wear a **CSA APPROVED HOCKEY HELMET** while on the ice. *Face Cage is optional.*
